### Torrance Featured In Magazine

An article entitled "So This Is Torrance" is featured in the current edition of "New Frontiers," publication of the Garrett Corp.

Written by Reid Bundy, managing editor of the HERALD, the article relates the history of Torrance from its founding in 1911 to the present date.

Highlighted in accompanying pictures are views of the downtown area and shopping district in 1913 and at present, Torrance High School, the Southwood residential area, Amo shopping center, Torrance Beach, and an aerial view of the city.

"New Frontiers" is published twice annually for Garrett Corj. employees in Los Angeles, Phoenix, Toronto, San Francisco, Mineola, N. Y., and Belmar, N. J.

### Tips Given for Cal-Vet, G.I. Loan Applicants

Tips on applying for state "Cal-Vet" and federal "GI" loans were passed along to veterans in this area today by Veterans Service Officer Bessie Slonecker, whose office is at 1622 Gramercy Ave.

Emphasis was placed on the importance of a veteran's filing for a Cal-Vet home loan before he acquires any financial interest in the property. Once he has established his eligibility, and filed a loan priority card, according to the officer, he may acquire an interest in the home or arrange temporary mortgage financing.

"However," she warned, "if he does this before filing a priority card, his application will be in the 'refinancing' category and Cal-Vet loans for refinancing are not permitted."

CAL-VET loans are granted up to \$15,000 for a home and up to \$40,000 for a farm, she stated. The home may not exceed a market value of \$25,000, but there is no limit on farm value, it was pointed out. Veterans must have been born in California or have entered the service from this state in order to qualify, Mrs. Slonecker explained.

As for federal GI loans, the service officer reminded World War II veterans that they have one year—until July 25, 1960, to make application with the Veterans Administration for this benefit. Korea veterans have until January 31, 1965, she revealed.

A direct GI loan, rather than one merely insured by the VA but made by a private lender, may be available to veterans in certain areas of California where private financing is not available, she explained.

The service officer urged veterans to establish their eligibility for a Cal-Vet and/or GI loan in the near future, even if their home ownership plans are uncertain.

national School, Fort Gordon, Ga., early this month. Trained to construct and maintain field communication wires and cables, Harmer entered the Army last January.

### Troop to Tour Country by Bus

A long-range dream of a group of Torrance teenage Girl Scouts who wanted to see the country will come true this Thursday when they embark on a 27-day bus tour of the United States.

Completing last-minute preparations this weekend for a trip that will culminate three years of planning and budgeting are members of Senior Girl Scout Troop 1299, sponsored by the Torrance Business and Professional Women's Club. The journey will take them to most of the historic sites of the country.

Accompanying the group of 17 and 18 year old girls will

be their leader, Mrs. Adam Krauszer, 2318 Sonoma St., and nine mothers. The bus will depart from Mrs. Krauszer's home.

Funds for the trip were raised by the girls during the past three years through bake sales and other money-raising projects.

### SONG FIESTA TODAY

### BROADWAY DECLARES DIVIDEND

Directors of Broadway-Hale Stores, Inc., at a meeting held Wednesday, declaring a quarterly dividend of twenty-five cents (25c) a share on the outstanding common stock of the corporation, payable August 15, to stockholders of record July 31, without closing the stock transfer books.

After adjusting for the two for one split of the Common Stock, which became effective June 30, this compares with seventeen and one-half cents per share previously paid.

### Measles Takes Top Place

Leading reportable disease occurring in Torrance last week, according to the Los Angeles County Health Dept., was the traditional seasonal favorite, measles, which racked up a total of five cases in this city.

Following for second place were mumps and food poisoning, which each hit two victims during the week ending July 11.

Only other illness reported to county authorities here for the week was a lone case of coccidioidomycosis, a parasitic malady.

COMMENTING on the prevalence of food poisoning at this time of year, Dr. Mary Dale, chief of the Division of Acute Communicable Diseases, attributed the majority of cases to "buffet displays at receptions and poolside affairs" and pot-luck suppers.

The health officer stated that the al fresco meals were conducive to rapid multiplication of bacteria in food held at room temperature for long periods of time. Her advice to would-be party givers who prefer to avoid food poisoning is to "keep hot foods hot and cold foods cold."
